

CAHUILLA NEWS LETTER

SECTION 36, TOWNSHIP 5S
RANGE 2E, 5B MERIDIAN

Nov. 5, 1955

Cahuilla Town Meeting was held in Cat Canyon Gulch.
Mr. Charles Perryman of Seattle presided.
A committee was elected to investigate costs of roads and road signs by the fifty people present.

N.E. Section: Wm. Bertrand
S.E. Section: Dr. Wm. Brenner
N.W. Section: Mr. Tom McGuire
S.W. Section: Mr. T. Hanft

The committee would work on the following:
Relocate the roads on or as close to property lines as possible.
(Mr. Ted Hanft volunteered to do this, as he had experience in using surveyor's equipment.)
Seek costs of roads and signs.
Each committeeman promised to write to the people in his area, asking for donations.
People who own several parcels were requested to donate for each parcel.
Areas in which residents do not donate would not be improved.
No private roads were to be included in the project.

Mrs. Hanft suggested that Newsletter print names of donors and amounts given.

Miss Versell suggested that the roads be dedicated to the county. The people who claimed to have looked into this said that this could not be done unless and until the roads were brought up to County specifications, which would not be feasible at this time.

Accounting of use of the money contributed was to be published in the paper to make this information available to the community.

Signs: The suggestion was made by Mr. L.R. Waters that the big sign be moved to the entrance of Sec. 36.
Mr. George Schubert donated a corner of his land for the location of the sign.

Mrs. R.H. Hoffman suggested that the area around the sign be landscaped, as well as possible by the community.

Mr. Morris Spievak made a motion that the main road be named "Cat Canyon Road." It was seconded by Mrs. Jack Murray. It was passed by unanimous vote.

Other names voted by the community were:

Oasis Trail
